WHERE WILL WE BE IN 50 YEARS ?

INTRODUCTION

We are ALL very different.

We are each a world unto ourselves.

We need to see ourselves in control of those collectively.

It will take us too long to understand that image !

It is Possible that We never will !

Prepare for the next Evolutionary step.

We are about to experience a change in Paradigm.

An Incredible shift in Awareness similar to those of Past Ages: Stone – Bronze – Iron – Agricultural – Industrial...

TO – ENLIGHTENED ... Imagine the Ability ... and as an Entire Species... WOW !

We are struggling as A PEOPLE, to comprehend the basics of “The Everything”...

Quantum recognition,
Holistic thinking,
Fragmentation.

Import collective consciousness to influence
Architecture, “remembering that a tradition
without intelligence is not worth having, to
discover what is the best life for us!”

Sustainable Strategy,
Implementation Policy,
Law Enforcement.

... Because we caged ourselves IN !

An Enlightened Human Race will deal with it like Childs-play.

They WILL visualise
Opinion, Philosophy,
Belief and Understanding
as Unique Dimensions of
Equal importance.

The ensured survival and
balanced order of nature within
the Biosphere, or protective
envelope of the planet will be
regarded as “common-sense”.

They will wonder at the need for a
computer, in much the same way that
We find it hard to envisage a Complex
society without war, poverty, corruption
and above all, greed.

FUTURE PHILOSOPHY, WILL MAKE “THE EVERYTHING” An Every thing OF THE PAST.

IF WE CAN RELATE TO THAT ALREADY, THEN OUR CURRENT WAY OF LIFE IS CLEARLY OUTDATED !

REACHING IN - TO THIS VERY SIMPLE CONCEPT - MAY GIVE US THE “COMPLETE” RATIONAL
TO CHANGE EVERYTHING WE KNOW IN THE BLINK OF AN EYE – OR, AS IN MAYAN
PHYLOSOPHY FOR 2012 – “THE END OF THE WORLD AS WE KNOW IT” !

THE POINT OF NO RETURN

“PRIMITIVE” PEOPLES DON’T GET EATEN.

The first step for us is to relate better with “TRULY” traditional lifestyles, improve renewable technology and love the life we lead.

Liberation

Liberation

Liberation

We’ve got to get back to the jungle Mogli,
now how can we do that If We’ve chopped it all down ?

THE POINT OF NO RETURN

PRIMITIVE PEOPLES DON'T GET EATEN.

Lighten up a bit and stop being so bloody paranoid/Over concerned !

Worrying about it will NOT achieve anything at-all !

After-all, Aren't We Superior ?

THE POINT OF NO RETURN

PRIMITIVE PEOPLES DON'T GET EATEN.

FORWARD FROM THE DIGITAL AGE WE MAY FIND
SOME VERY INTERESTING DEVELOPMENTS...

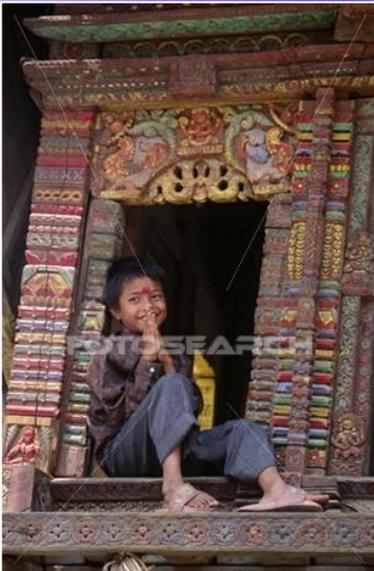

We may not need a bridge at all !

IT'S POSSIBLE THAT WE KNEW IT ALL ALONG, SO
WHAT ARE WE SO SCARED OF, "Are we nearly there yet"
?

THE POINT OF NO RETURN

WHAT DO THE LIT'LUINS NEED FROM US ?

They need to SEE US recognising THEIR future... Even if We can't imagine it !

THE POINT OF NO RETURN

WHAT DO THE LIT'LUNS NEED FROM US ?

At the very least they NEED Us to reinstate what We took away while running away from NATURE.

They WANT us to remember what We thought were Our Best Moments in TIME... And WHY !

But they'd LOVE it, if We could stop and play for a little while !

THE POINT OF NO RETURN

WHAT DO THE LIT'LUNS NEED FROM US ?

Our separate “perspectives” seem like fun BUT...

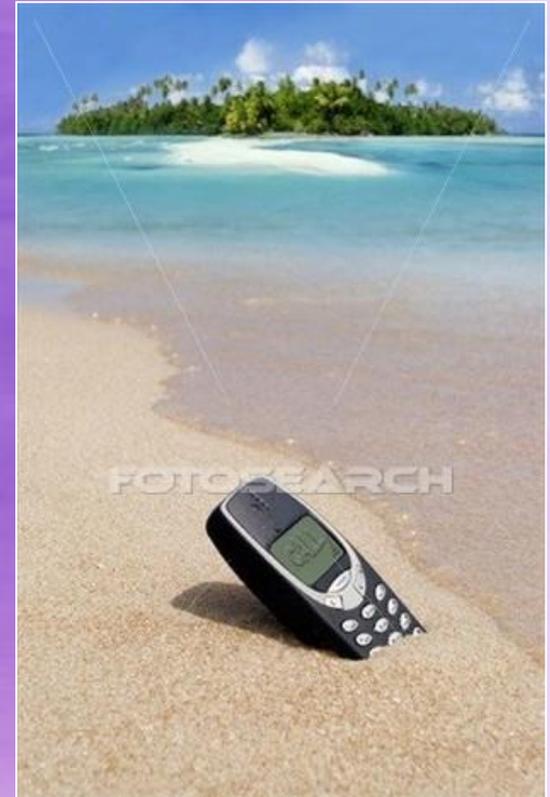

It makes Our contemporary “VISION” seem so Boring doesn't it !

... IT IS !

THE POINT OF NO RETURN

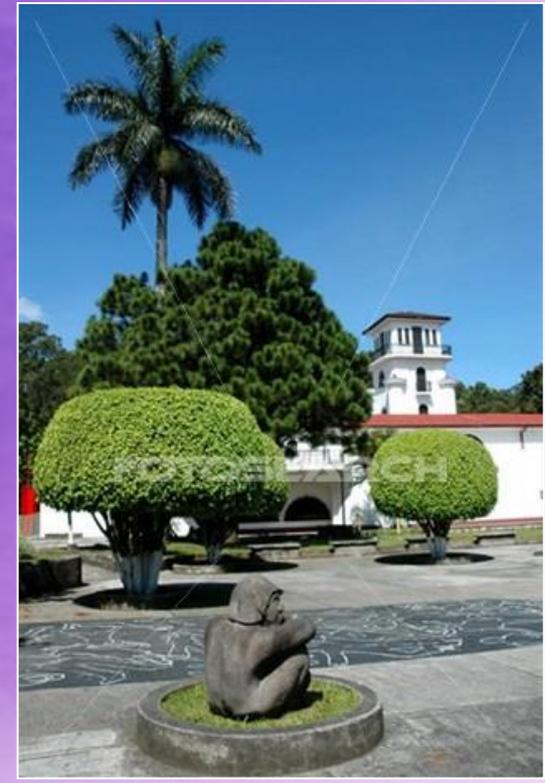

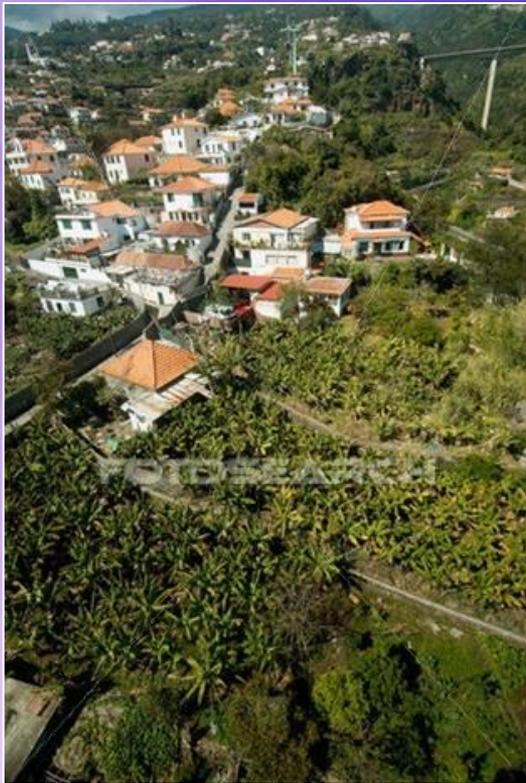

WHAT DO THE LIT'LUNS NEED FROM US ?

What should we do to help future generations remember that ... WE, were the last of the APE!

A PARADIGM SHIFT

THERE IS ONLY YOUR OWN MIND TO BE SCARED OF !
The rest is already HISTORY.

Modern Children relate better to the WORLD AS ONE than We could
ever hope to achieve in YET ANOTHER million years.

A PARADIGM SHIFT

The rest is already HISTORY.

Spatial development, site Use and visual aesthetics may change a considerable amount, but the “Value” that development will add to a Place, how it works and what THEY achieve where WE seem to have failed ... will be a whole WORLD DIFFERENT to “Landscape art” meets Sustainable Development !

A PARADIGM SHIFT

The rest is already HISTORY.

Will life itself will still appear the same as WE know it ?

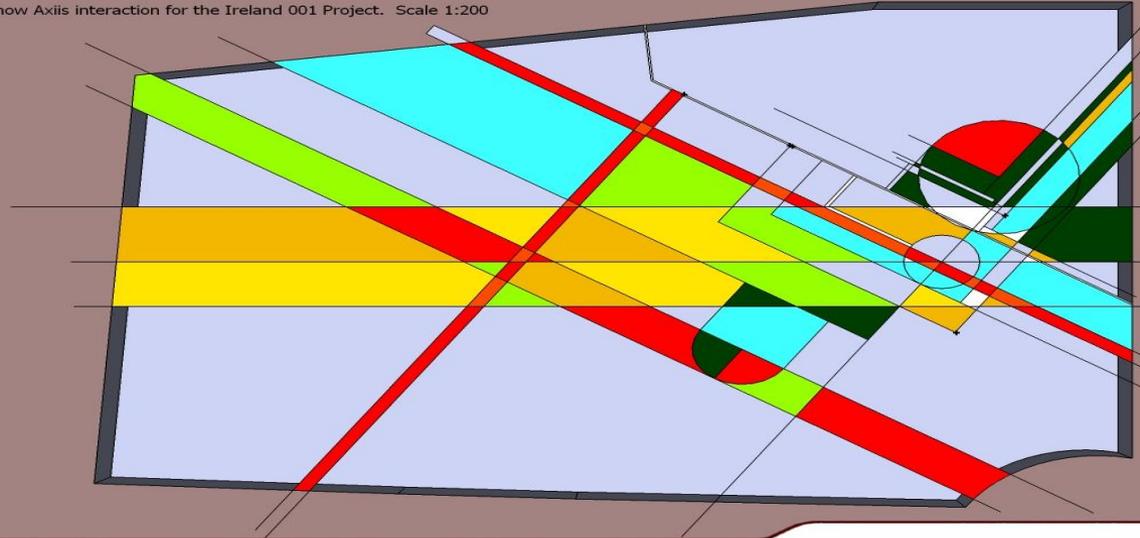

A WILDERNESS APART !

REINSTATING A MORE NATURAL ECOSYSTEM

SUSTAINABILITY

Perceiving a sustainable human race opens many new doors... but what is the key ?

A WILDERNESS APART !

REINSTATING A MORE NATURAL ECOSYSTEM

FRAGMENTATION

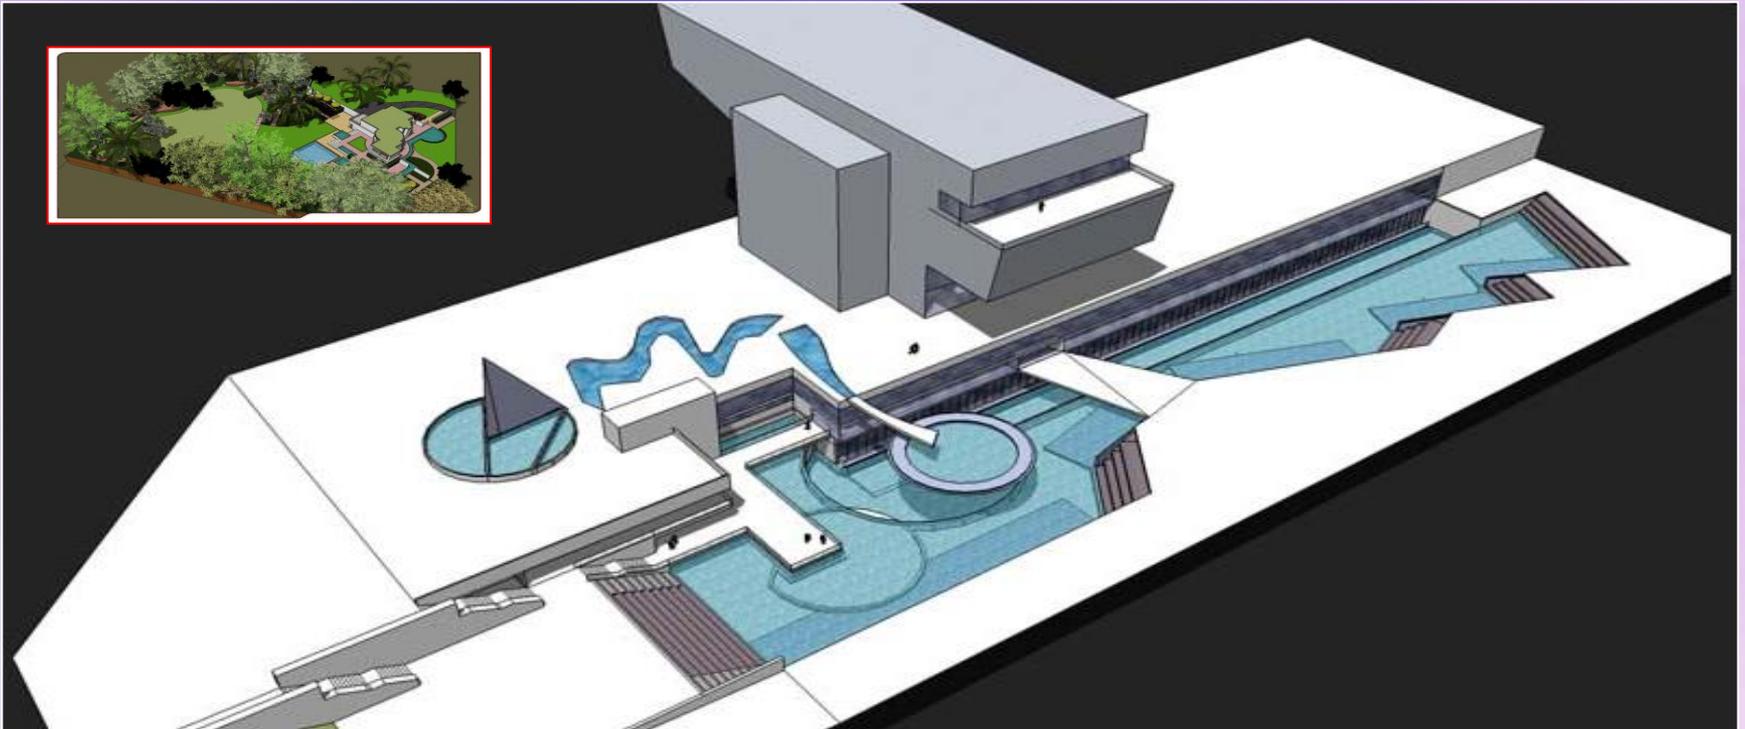

By understanding the faults that We will pass on, They CAN better HELP Us understand too !

A WILDERNESS APART !

REINSTATING A MORE NATURAL ECOSYSTEM

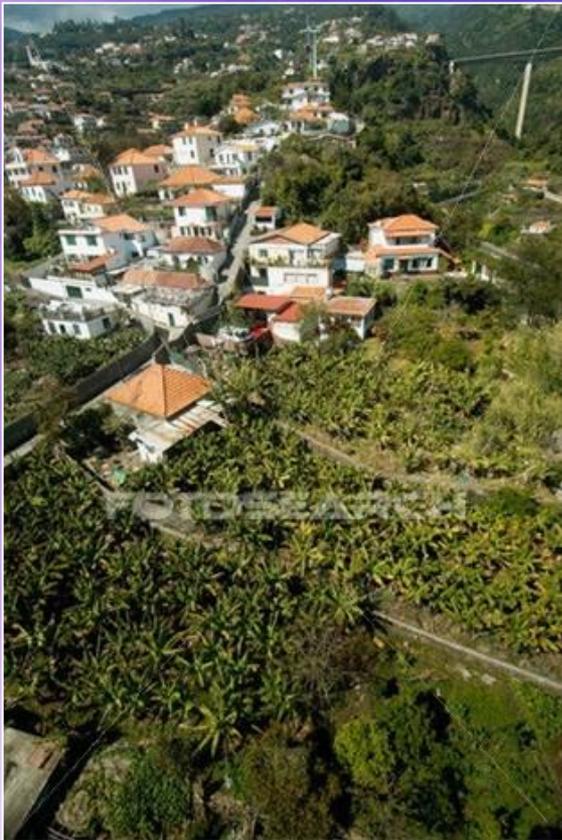

**SADLY, AN HOLISTIC IDEAL MAY REQUIRE A LITTLE MORE FROM US
THAN WE ARE PREPARED TO GIVE. HENCE PARADIGM SHIFT !**

How will Modern day Humans react to a change on that scale and what will become of them ?

A POINT IN SPACE AND TIME !

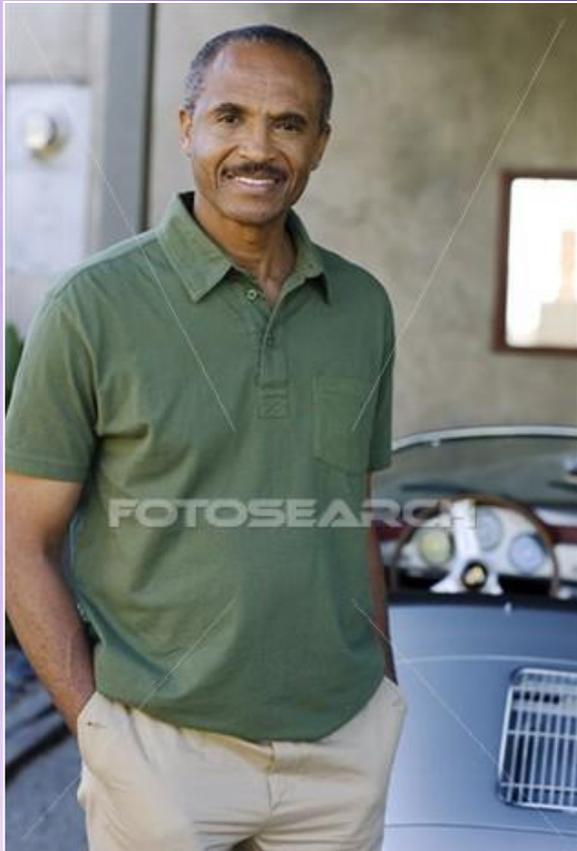

DUDE, What are WE missing?

LIFE IS SIMPLE AND SURPRISINGLY EFFECTIVE !

A POINT IN SPACE AND TIME !

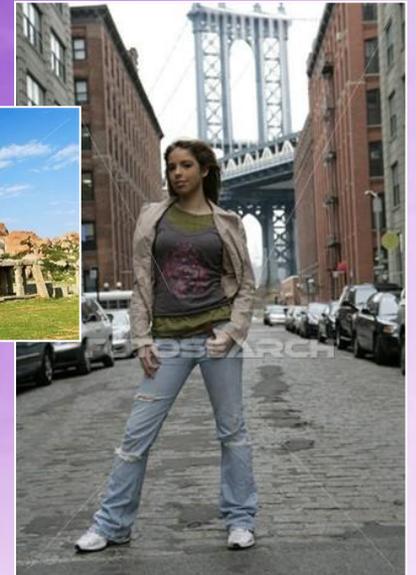

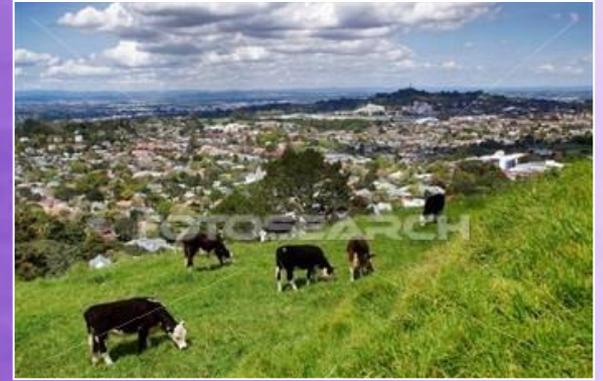

DUDE what do you love most ?

A NEW REALITY IS ABOUT TO BE BORN, We might even see it !

A POINT IN SPACE AND TIME !

DUDE what do you love most ?

NOW You can say ... "I Know" !

A POINT IN SPACE AND TIME !

DUDE what do you love most ?

“Maybe there’s Something You can tell Me ... Where did everyone go” ?

A POINT IN SPACE AND TIME !

DUDE what do you love most ?

What will the world look like to Us, when we wake up ?

WHERE WILL WE BE IN 50 YEARS ?

TIME : Creating an Holistic development pattern.
